Signage is the design or use of signs and symbols to communicate a message to a specific group, usually for the purpose of marketing or a kind of advocacy. A signage also means signs collectively or being considered as a group. The term signage is documented to have been popularized in 1975 to 1980.. Signs are any kind of visual graphics created to display information to a particular audience.

Pros: InVision is a tool that is great to present designs to your clients and communicate with them effectively. Before existing InVision, making a design proposal was a lot of effort: capture a jpg, send it, the client will pass it to PDF, make notes on that document to send it back with feedback All this process, which may sound like prehistory, is relatively recent.
